

Instructions to Make Book

- 4 pieces of paper
- Fold them together
- Staple them 3 times on the side
- **Title your book (Macromolecules & Enzymes)**
- **Page 1 instructions**
 - Title Macromolecules
 - Write the following questions
 - What is a macromolecule?
 - What are 2 other names for macromolecules?
 - What are the 4 major types of Macromolecules?
- Label every two pages
 - Start on pages 2-3
 - Do this 4 types

Macromolecule Name	
1) Functions (All of them)	3) Monomer
2) Drawing of Structure	4) Examples (2 or more) food
Page 2	5) 1 Interesting fact Page 3

- Then label the pages 10-11

Enzyme	
1) Functions (All of them)	3) Made of:
2) Lock and Key Drawing/Labeled	4) Examples of enzymes & what they do
Page 10	5) Causes enzymes to stop functioning: Page 11

- Then label page 12

Chemical Reaction
1) Functions
2) Reactant
3) Product
4) Activation Energy
